Subject: International Scholarship Student/University Agreement for the 2017/2018 Academic Year – Piacenza Campus – **POLIPIACENZA GOLD SCHOLARSHIP.**

By signing this, the student declares to understand and agree to comply with the following conditions in connection with his/her admission to Politecnico di Milano for the Academic Year 2017/2018 and realizes that non-adherence to this agreement might result in the loss of this scholarship.

1. Conditions

- a. The scholarship will cover **accommodation costs for a double room at the “Morigi” residence, including breakfast and dinner for 10 months starting September 10th 2017 thru July 31st 2018.**
- b. The scholarship offers the recipient a total fee waiver.
- c. Scholarships have a **minimum duration of one (1) Academic Year**. In case a scholarship student decides to abandon his/her studies before the Academic Year is over, he/she will be due to give back the entire amount of the scholarship he/she has benefited from.
- d. Scholarships have a **maximum duration of two (2) continuous years**, after which the student will be responsible for his/her cost until graduation, as well as tuition and any other fees which were covered by Politecnico di Milano during the scholarship period. The possibility of a student suspending the scholarship and then returning at a future date to continue his/her studies with the scholarship does not exist except for extenuating circumstances, and in any case with the previous approval of the Politecnico di Milano.
- e. This scholarship cannot be combined with any other financial aid provided by any public Italian Institution. Should you have been awarded with more than one scholarship, you must choose which one you will keep and reject the other/s BEFORE enrolment.

2. Accommodation

- a. Accommodation payment will be made directly by Politecnico di Milano to the interested residence. **For no reason students will be issued cash to pay for such accommodation and no changes in accommodation will be allowed. Under no circumstances can the double room be converted into a single room.**

- b. The scholarship holders will accept the individual terms of their accommodation contract and will not seek accommodation on their own if they wish to enjoy the scholarship benefits. Any contract a student signs with the residence is binding and the base contract requires that he/she remains in the residence for a minimum of one (1) year.
- c. Since scholarships providing accommodation are on an eleven (11) month basis for the first year, students are guaranteed accommodation from October through September, excluding the month of August; moreover, some residences close for Christmas and Easter holidays. In this case, students will not be allowed to stay in the residence during holiday periods and will need to organize for themselves if they decide to stay in Milan. Alternatively, Politecnico di Milano can arrange an accommodation for students during the closing periods, charging a fee for the period of stay.

3. Requirements for scholarship renewal

- a. Students awarded with a scholarship on the first year of study will be considered eligible as scholarship recipients, meaning that they will continue to enjoy the benefits of their scholarship during the second year of studies, as long as they gain the **total of 700 points**: this is the result of the weighted average obtained in the examinations taken, multiplied by the number of ECTS credits obtained during the academic year.

The result of such multiplication should not be lower than 700 points.

The “academic year” is understood as a period between September 2017 and August, 10th 2018.

- b. If students have obtained a validation of credits achieved in a previous university career (indicated with a C in the study plan), those credits will not be considered in the sum of credits achieved during the Academic Year.
- c. If, at the end of the first year of studies, the student will transfer to a study course different from the one he/she has been given the scholarship for, the scholarship will not be renewed.
- d. If, after the end of the first year of studies, the student has not satisfied point 3.a above, he/she will be expected to pay full tuition for the following second (academic) year and any successive years necessary until graduation, according to the rules valid for the Academic Year of reference.
- e. On the contrary, **students holding the requirements for scholarship renewal will be asked to pay 185,58 € as tuition fee for the following Academic Year.**
